Heupbeschermer · Hoftebeskytter · Höftskyddsbyxor  
Lonkkasuojat · Protector de cadera · Csípővédő

**SAFEHIP®**  
THE HIP PROTECTOR

## SAFEHIP® THE HIP PROTECTOR

For easy handling, the SAFEHIP® Active belt has hook-&-loop closure and sewn-in protector shields made of lightweight foam. The belt is designed for temporary requirements such as post-surgical mobilisation and training, but it is also useful for active elderly for leisure activities such as walking, running, biking etc.

The SAFEHIP® Active hip protector belt is based on our special horseshoe-shaped shield which not only reduces the energy of the fall impact, but also diverts it into the surrounding soft tissue. SAFEHIP® has been clinically tested on more than 7,000 users around the world and has proven to reduce hip fractures from falls.

**Protector**  
PE Foam

**Belt: Spacer fabric**  
85% Polyester  
15% Elastane

**Care handling**

SAFEHIP® can be washed at 40°C/104°F and tumble dried. Wash with similar colours and in a washing bag. Use of chlorine based bleach or chlorine based disinfection will decrease durability and function.

Please keep this instruction for further reference.
